

Easy Switch Kit

Welcome to LorMet Community Federal Credit Union! Our convenient Switch Kit will help you make a smooth transition to your new LorMet checking account.

Open your new LorMet checking account.

We offer a choice of checking accounts so you can find the one that is right for you.

Make a list of your Automatic Payments and Direct Deposits.

Look at your online account history or recent statements. Who pays you? Who do you pay? How do you pay (check, automatic payment, online bill pay, debit card, credit card)? By making a list you'll know these answers so you can more easily change these to your new LorMet checking account.

Switch your Direct Deposit(s) to your new LorMet checking account.

Notify your employer or other depositor that you are switching your checking account to LorMet and provide them with the following information:

Routing Number: 241279810

Your new LorMet checking account number: _____
(Your checking account number is NOT your member number.)

Account Type: Checking

Switch your Automatic Payments to your new LorMet checking account.

If you have recurring automatic payments (such as loan payments, utilities, insurance, memberships, dues, etc.), contact these companies to set up these payments to automatically come out of your new LorMet checking account or using your new LorMet debit card.

Stop using the account you want to close.

Make sure all of your checks have cleared and your automatic payments and deposits have stopped posting to the old account. You don't want to miss anything or leave checks outstanding.

Close your other checking account.

Congratulations! You have successfully switched to your new LorMet checking account.
